25X1A

██████, take a quick look if you wish. I think the next move here is simply to allow something to stand down for two or three weeks, or a week or ten days and then let me bring it to Carl's attention and ask him if he has decided what the project policy is that it's killing you. Let's just take the ones in which you are interested on a one by one basis as they come along.
